Two-Story Addition, Kitchen and Bath Remodel

Photos by Katie Wind

## 2001 Welch Court, Ann Arbor

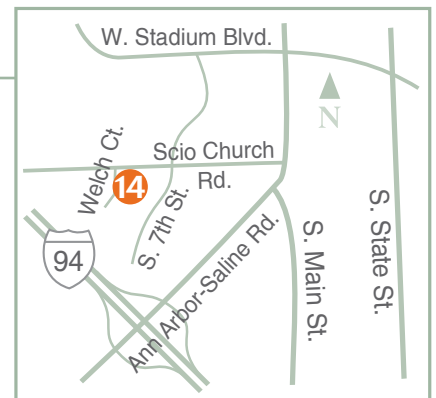

Goal: Increase the size of the kitchen and add some much-needed SPACE for this family!

This home is in a great, family neighborhood. Like many families in the area, the clients loved their location. What they didn't love was their small, dated kitchen and cramped primary bathroom. We reimagined the space creating a two-story addition on the back of the home. This allowed for a much larger kitchen and primary bathroom, and an additional sitting room. We also enlarged the primary closet and added a dedicated washer and dryer to it.

The best part, after completion of a project, is hearing how much the clients love their new space. This transformation improved their current life and will continue to meet their needs as their children grow. Making family memories around the large island, enjoying showering in a luxurious shower, and not having to carry laundry down to the basement are joyful moments this family will cherish for years to come.
